

LA288

Dual 8" 2-Way Line Array
with NEO HF

LA288 – Dual 8" Passive Line Array Speaker

The LA288 is a high-performance dual 8-inch passive line array speaker, purpose-built for professional sound reinforcement in both live and fixed installations. Designed to deliver a powerful acoustic experience in a compact form factor, it provides exceptional clarity in the highs and solid, defined lows.

Equipped with advanced neodymium compression HF drivers and precision-engineered LF drivers, the La288 ensures a well-balanced, articulate sound profile suitable for demanding environments. Its robust birch plywood enclosure, coated in a premium black finish, guarantees durability, aesthetics, and long-term reliability.

Key Features

- Dual 8-inch LF drivers with 2-inch voice coils for tight, punchy bass and extended low-frequency accuracy.
- 1.76-inch Neodymium HF compression driver ensures clear and articulate high-frequency performance.
- 600W RMS power handling, engineered for consistent, long-term performance.
- Wide frequency response from 75Hz to 18kHz for even, full-range coverage.
- Max SPL: 119dB, delivering high output levels for large venues and dynamic live setups.
- Impedance: 8 ohms – optimized for flexible integration in multiple speaker configurations.
- Premium birch plywood cabinet with a durable black paint finish for professional appearance and road-ready resilience.

TECHNICAL SPECIFICATIONS

FREQUENCY RESPONSE	75Hz- 18kHz
DRIVERS	2X8" (200mm)/2" voice coil LF driver 1x1" (25mm)/ 1.76" voice coil neo-HF driver
RATED POWER	600W RMS
PEAK POWER	2400W PEAK
SENSITIVITY	98Db 1watt/1Metre
SPL	113dB
MAXIMUM SPL	119dB
IMPEDANCE	8Ω
DISPERSION (-6dB)	Horizontal Coverage: 100° Vertical Coverage: varies, Depending on array length and configuration
CONNECTORS	2XSpeakON NL4
DIMENSIONS	393mm X 320mm X 748mm
WEIGHT	18 KGS
